CONSORTIUM OF GLOBAL PARTNERS

Internship & Employment Opportunity with the Best in Industry

SEGi partners with some of the top national and multinational hotels to ensure our Hospitality & Tourism students get the best industry relevant training. Students will undergo an internship as part of the programme, and have the option of undergoing training with any of SEGi's affiliated partners.

This wide spectrum of top industry partners will give SEGi's Hospitality & Tourism graduates an upper hand in terms of depth of exposure and range of specific skills.

Structured Workplace Learning

Hospitality & Tourism programmes offered by SEGi are modelled upon the philosophy of structured workplace learning. SEGi students also stand to gain from a high amount of hands-on training and practical experience built into the Hospitality & Tourism diploma and degree programmes.

Immediate application of theory is one of the most effective ways of learning. After certain modules, there will be a practical session where students must apply their knowledge by organising an event relevant to that module.

Apart from that, they are exposed to and brought on field trips to local and international tourism destinations that give students real-time understanding of their programme syllabus and the industry.

Credit Transfer

Your previous studies and qualifications may earn you credits towards your diploma or degree. The award of credits is given on the basis of subject mapping and grades achieved. The maximum transferable credits you may earn for a previous academic qualification could be 50% of the total credits for the Bachelor's degree. Work experience, MOOCs and other training certifications may earn you credit transfers of up to 30%. All credit transfers are subject to approval by the Senate or Academic Board.

MC Micro-credential

We break it down to build you up. SEGi's Micro-credentials are unbundled from accredited qualifications, offering the modern learners a tempting, tantalising buffet-style learning model. While traditional diplomas or degrees are well-structured and solid, SEGi's Micro-credentials offer learners the choice of ultimate flexibility and customisation, empowering learners to select only what they want to consume, experience and learn. Through our innovative curriculum framework, these unbundled courses delivered through micro-credentials can then be easily rebundled into accredited and recognised qualifications.
