STUDENT TESTIMONIALS

"Throughout my studies in SEGi, I was given a well-rounded education experience. I was introduced to the foundations of child development and growth which guided my understanding in children by highly-experienced lecturers in the field. Learning was also fun for the students because we went beyond the lecture halls for hands-on practical assignments and practicum; working with children, teachers, and parents. The diverse range of courses offered in this programme provided a comprehensive foundation for me as an early childhood educator. I learnt how children were introduced to subjects such as Arts, Science and Mathematics, and Languages. Upon graduation, as the valedictorian for my year, I had the golden opportunity to further my studies under the SEGi Research Fellowship for Masters in Education. SEGi University has been a great platform for me in my educational journey and there is no looking back."
